Subject: Colorado Section Meeting - August 19, 2003

Dear ANS and HPS Member,

You are invited to attend a joint meeting of the American Nuclear Society (Colorado Section) and the Health Physics Society (Central Rocky Mountain Chapter). The meeting will be held on August 19, 2003 at the Westin Hotel Westminster, 10600 Westminster Boulevard, Westminster (driving direction below).

When I began to digest the diversity of our membership I was frankly surprised at the breadth of nuclear work in Colorado. I thought I knew pretty much everything that was going on – How wrong I was! Consequently, the Executive Board and I thought it might be worthwhile to devote a meeting to gaining a more accurate understand of “what’s going on?”. Our program for this meeting will be a survey of nuclear industry work currently in progress in Denver (and Colorado). Speakers from about a dozen Organizations and Companies will give us a brief view of their current projects and their near-term view of the industry’s evolution in their part of the nuclear effort.

Speakers from the following organizations have agreed to participate:

Alfa Group	Gordon Quillin
BNFL Inc	Al Zindel
CH2M Hill	Mike Rengel
Dept. of Interior	Tim Debey
Dept. of Energy	Bob Wilson
Duratek Fed Svcs (Tentative)	Mike Wolters
ETCetera Assessments	John Graham
