

From Concepts & Design...to Fabrication & Delivery We Do It All!

Your "go-to" source for tackling complex heat exchange problems for over 35 years. We have the experience to design and fabricate heat exchangers of all types and sizes! Up to 12 feet in diameter to 40 feet long – we have you covered!

Shell & Tube Heat Exchangers

Helical Heat Exchangers

Plate & Frame Heat Exchangers

Energy Steel Quality Assurance Program offering the highest certifications in the field!

Certificates of Authorization -ASME Section III N, NPT, NA, NS | ASME VIII U / NBIC NR & R
10 CFR 50 Appendix B / NQA-1 / ANS1 N45.2 / NCA/WA 3800 / NCA/WA 4000
Canadian Standard Z-299

Creating solutions that drive the top line and improve the bottom line!

Let us tackle your most complex challenges!

Eaton
Hayward, Zurn Strainers

Hydro Gates
Armco Sluice Gates

Cooper Cameron
W-K-M Gate Valves, Ring-O Valves

Crane
Barnes, Burks, Deming, Weinman

Structural Fabrication

Offering creative solutions that combine engineering and fabrication for value added results.

Modular Systems | Pipe & Skid Systems | Design-to-Delivery | Custom Designed Heat Exchangers | Specialty Piping | Custom Spooled Pipe Systems | V-Cone Flow Meters | Stainless Steel Cladding
