

framatome

We've already met.

Now let us **reintroduce ourselves.**

You've known us and trusted us throughout the years. Now, we meet again. Our name has changed, but our commitment to the nuclear industry never has. Framatome is a reliable partner providing innovative **solutions** for servicing and fueling the U.S. fleet and advancing the future of nuclear energy worldwide. The same reliable **people** you know bring experience, knowledge and passion to ensure your plant's safety and performance. And, the **delivery** of a comprehensive global portfolio that's cost-effective and responsive means we add ever-increasing value to today's nuclear operations.

The name Framatome speaks for itself — get to know us all over again.

**Engineering • Fuel • Installed Base • I&C
Component Manufacturing • Large Projects**

Your performance
is **our** everyday **commitment**
