ANS NCSD

2017 Nuclear Criticality Safety Division Topical Meeting

September 10-15, 2017 · Carlsbad, NM

An international forum for discussion of all the aspects of the safety of fissile material operations outside of reactors. The 2017 NCSD Topical will provide an opportunity for the nuclear criticality safety community to meet and discuss their research and work face-to-face, leading to relationships that can solve common problems across multiple disciplines.
