THE WORLD'S **BEST** MONITORS

TRITIUM & C-14

TRIATHALON
Air & Stack Monitor

- Recognized Globally for Over 50 Years
- Specialists in Air & Water ~ Tritium Detection Innovation
- Choice of Measurement Units: DAC, MBq, uCi, etc.
- High Quality ~ Made in the USA

Large Systems ~ Portables

Samplers, Monitors, Detectors, Chambers

- | | |
|-------------------------|----------------------------|
| • Active & Passive | • Ultra Low Level |
| • Fixed & Portable | • Ionization, Proportional |
| • Environmental Gamma | • Heavy Water Leak |
| • Noble Gas, Beta/Gamma | • Surface Contamination |

LUDLUM MEASUREMENTS, INC.

In 1961 Don Ludlum set out to begin his own radiological company, based on the principles of trust and customer care.

Ludlum Measurements, Inc. maintains its dedication to customer care. Regardless of name or size, Ludlum Measurements, Inc., lives up to the promise to do everything possible to provide and assist its customers with the very best customized radiation detection and measurement solution for whatever their needs may be.

Ludlum Measurements, Inc. continues to design and manufacture unique, innovative instrumentation for industries as diverse as scrap metals recycling to health and medical physics.

Science and technology will continue to push man's progress into the future. As we grow the industries that improve our lives, Ludlum Measurements, Inc., will continue to meet the need for detection and measurement of the radiation we use every day.
