

# WESTINGHOUSE DELIVERS HIGH-QUALITY REPLACEMENT PARTS

Westinghouse supplies more than 100,000 high-quality nuclear replacement parts and components yearly to the global nuclear fleet. Our cost-effective, high-quality, nuclear grade replacement parts provide global operators of various reactor designs solutions for electrical, mechanical, and instrumentation and control systems.

Westinghouse has a rigorous, commercial-grade dedication process and a robust quality assurance program for detecting and monitoring counterfeit, fraudulent and suspect replacement parts or components. Our industry-leading experts are available 24/7 to support your plant needs.

Count on Westinghouse to deliver high-quality replacement parts and components to help keep your operating plant operating ... safely, efficiently and cost-effectively.
