

CONTAIN YOURSELF

Precinmac is proud to be an integral part of the clean-up of waste generator sites around the country helping to make it a cleaner and safer environment for future generations. Our companies fabricate, machine and test dry fuel storage casks, transportation casks and waste containers for the nuclear industry. In fact, Precinmac companies have delivered over 25,000 high quality containers to customers for over 25 years. We also provide custom manufactured equipment in the vitrification process as well as decommissioning projects worldwide. When it matters, and you want high quality products, call a Precinmac company.
