

Innovative Simulation Solutions

High-Fidelity Simulators Simulation Assisted Engineering Web-Enabled Training

CURTISS-WRIGHT ACQUIRES WSC, INC.

Curtiss-Wright Corporation is pleased to welcome WSC, Inc. into our Nuclear Division. WSC's innovative simulation solutions, including Simulation Assisted Engineering (SAE) and full-scope training simulators, will expand our portfolio of digitalization products, improve our capabilities for modernizing and extending the life of nuclear plants, and elevate our support for the Advanced Small Modular Reactor market.
