G.D. Barri & Associates, Inc. (Barri) is a premier nationwide staff augmentation firm whose specialty is in the power industry, where we provide people for a full range of disciplines to meet our clients short and long term project needs. To date, Barri has provided services to a wide variety of nuclear, fossil, gas turbine, and alternative fuel units across the country. We actively recruit and place professional, technical and union craft personnel for operations, maintenance, capital improvement, and other projects. Our experience over the past 30 years prepared us to be an effective partner to our clients, and our knowledge of safety, labor agreements, employment rules and regulations, together with strong labor analysis and reporting capabilities will help you achieve your business goals and reach higher levels of performance. Barri is a 100% certified Woman Owned Business Enterprise. Certified by CA PUC, WBENC, & USWCC.

For more information please call the Barri corporate offices at 623-773-0410, and ask for Alexandria M. Dorsey, Pres./COO, or Dale Ussery, VP of Operations.

NUCLEAR EXPERTS

System One knows nuclear. We deliver workforce solutions and integrated services to nuclear power producers, utilities, OEMs, EPCs and service providers.

Whether new construction, capital projects or repair and maintenance in support of scheduled or forced outages, we offer specialized workforce solutions that meet the unique requirements of the commercial nuclear power industry and US DOD / DOE sectors. Our service portfolio includes scalable professional and technical staffing services and turnkey Quality Assurance, Quality Control and Nondestructive Testing services in strict accordance with nuclear industry codes and standards.
