I wish I had a reliable switch to retrofit my troublesome limit switches. Maintenance, REM exposure, repairs and replacement are affecting safety, downtime and cost.

YOU CAN DO THAT

GO Gets It! The GO™ Switch TW180 enhances safety and lowers cost by providing the perfect retrofit kit for mechanical limit switches. Globally Qualified Nuclear GO Switches take the toughest challenges and provide predictable success anytime, anywhere. Designed for long-life and dependability, the TW180 is maintenance free and meets fit, form and function retrofit requirements. LOCA, Harsh Non-LOCA and Mild models are available with the proven performance and technology you expect from our full line of GO™ Switch product solutions.
