

WASTE ENCAPSULATION. WITH MIDAR, OUR TEAM HAS TAKEN IT TO A HIGHER LEVEL.

Steve Newman, Senior Product Manager.

we'll give you the knowlEdge

At Lucideon, we're leading the way in waste encapsulation – with MIDAR Technology.

- Low viscosity for increased waste incorporation (no voids)
- Lighter than current concrete mixes
- Can lock isotopes into the matrix
- Fire, frost, chemical, water and heat resistant
- Controllable formulation and setting time
