

## **2024 Nuclear**News

## **Buyers Guide**Index to Categories

The Index to Categories is a standardized listing of the products and services that will be featured in the upcoming 2024 *Nuclear News* Buyers Guide. This Index will assist you in either (a) filling out a New Listing form or (b) adding categories to your existing company listing. Products and services are listed alphabetically and are numerically coded.

New Listings and Verification Forms (for existing listings\*) must be created and updated online. To add categories to your listing, simply click on the "Browse Categories" link within the listing page online and check the box next to the code numbers and product category descriptions and they will be added to your company profile.

New categories—those added since the 2023 Index to Categories—are indicated with a dagger (†).

## Deadline: March 11 Remember, there is NO CHARGE

emember, there is NO CHARGE for a company listing!

Companies with existing listings will need a unique link in order to access their online listing. Look for multiple email reminders from nnbg@ans.org (starting in mid January). If you do not receive an email, or the previous contact left your company, please send an email to the Advertising Department advertising@ans.org with the subject line "NNBG2024 link request" to obtain your custom URL.

The Nuclear News Buyers Guide is published by the American Nuclear Society advertising@ans.org • ans.org/advertising/nn

Air-Conditioning & Ventilation Equipment
