## National Ignition Facility (NIF) Lawrence Livermore National Laboratory

*Thursday, June 15, 2017*

*Bus departs hotel at 8:00 am – returns around 1:00 pm*

*Fee: \$40 including transportation*

Lawrence Livermore National Laboratory is home to the National Ignition Facility (NIF). NIF's 192 powerful laser beams, housed in a 10-story building the size of three football fields, can deliver nearly 2 million joules of ultraviolet laser energy in billionth-of-a-second pulses to the target chamber center. NIF is a national resource—a unique experimental facility addressing compelling national security, energy, and science missions.
