WASTE MANAGEMENT 14
Funding for Yucca Mountain repository slashed as new administration looks to a different direction. Another former DOE official voices support for Yucca Mountain repository. IEEE-USA policy statement includes spent fuel recommendation. European Commission’s SAPIERR Project leads to regional repository initiative.

POWER 22
State legislatures revive nuclear debate. NRC finds four violations of QA requirements at South Texas-3 and -4. Review schedule set, licensing board named for Levy-1 and -2 COL application. Renaissance Watch: An update on developments that may lead to new power reactor orders and construction. Progress made on alternative source term requests for McGuire, Point Beach. ASLB admits one contention in COL proceeding for Vogtle-3 and -4. Exelon’s stock-swap offer sways more than half of NRG shares. NRC endorses Nuclear Energy Institute position statement on output limits for power reactors. FY 2010 federal budget “blueprint” curbs Yucca Mountain Project. Safety reviews for North Anna-3 and Calvert Cliffs-3 COL applications prolonged. NRC asks for early notice of FY 2011 submissions. (Also see Call for Papers, pp. 75–78, for the 2009 ANS Winter Meeting, November 15–19, in Washington, D.C.)

FUEL 51
Uranium fuel plants lead the way in NRC fee increases for FY 2009. Nuclear Threat Initiative’s proposed international fuel bank hits $150-million milestone.

RESEARCH 52
FermiLab particle collisions produce unpaired top quarks.
EDUCATION, TRAINING & WORKFORCE 55

FY 2009 omnibus appropriations bill creates university nuclear program.

INTERNATIONAL 61

INDUSTRY 72

Areva buys 30 percent stake in MHI’s fuel business; other business developments. Invensys gets controls contract for two Chinese reactor sites; other contracts.

STANDARDS 73

ANS answers inquiries on two standards. Standards approved, comments requested.

Audit Bureau of Circulations

Nuclear News (ISSN: 0029-5574), Volume 52, Number 4. Published monthly (except during the month of April when issued twice monthly) by the American Nuclear Society, Incorporated, with business, executive, and editorial offices at 555 N. Kensington Ave., La Grange Park, Illinois 60526; telephone 708/352-6611. Subscription rate is $400 for 2009; overseas subscribers add $65 per year for postage and handling. Single copy price is $40; $12 additional for overseas postage and handling (except for the Buyers Guide issue, which is $110; $15 additional for overseas postage and handling). Individual ANS members receive NN as part of membership. Replacement copies may be obtained at the single copy price, as long as copies are available. Inquiries about the distribution and delivery of Nuclear News and requests for changes of address should be directed to the American Nuclear Society. Allow six weeks for a change to become effective. POSTMASTER: Send change of address orders to Nuclear News, American Nuclear Society, 555 N. Kensington Ave., La Grange Park, Illinois 60526, or <nucnews@ans.org>.

Opinions expressed in this publication by the authors are their own and do not necessarily reflect the opinions of the editors, the American Nuclear Society, or the organizations with which the authors are affiliated, nor should publication of author viewpoints or identification of materials or products be construed as endorsement by this publication or by the Society.

Texts of most Nuclear News articles are available on the NEXIS database, from Mead Data Corporation.
