

STANDARDS COMMITTEE VOLUNTEER FORM

Pronouns:	Salutation:	Name:
She/her/hers	Dr.	<input type="text"/>
He/him/his	Ms.	Company/Institutional Affiliation:
They/them/theirs	Mrs.	<input type="text"/>
Ze/hir/hirs	Mr.	Title or Position:
	Mx.	<input type="text"/>

Please provide preferred contact information and indicate whether business **or** home.

Physical Address:	<input type="text"/>	Phone:	<input type="text"/>
Email:	<input type="text"/>	Cell:	<input type="text"/>

Please complete **Option A** if you are requesting placement on a standards committee (potential new member) or **Option B** if you are submitting this form for ANS Standards Committee records (already invited or appointed to a standards committee):

OPTION A (requesting placement on a standards committee)

Tell us how you heard about the ANS Standards Committee? (e.g., did a peer mention the ANS Standards Committee, did you see a notice about a standards project in need of support, did you find information on our website, etc.)

List the project designation(s) or name(s) of all standards committees of interest to you.* A list of all project designations can be found on the ANS website listed by subcommittee under the responsible consensus committee [here](#).

**There are many reasons why a committee may not be accepting new members (i.e., committee has reached maximum capacity, balance of interest, group not currently active, project almost complete, etc.). List all standards committees of interest to aid in your timely placement.*

OPTION B (already invited, appointed, or placed on a standards committee):

The name of the chair person or staff member that requested you complete this form:

The name or designation of the standards project(s) you were recruited for or currently active on:

Please select whether you would like to be considered as a “full member” or “associate member” below:

I am interested in participation as a full member (subject matter expertise required).

I am interested in participation as an associate member (nonvoting) as I am new to the industry and looking to learn about the standards development process (no experience required).

We often are in need of subject matter experts to chair a working group to initiate a new standards project or revise a current standard. Would you consider accepting a chair position?

Yes, I would consider a chair position.

No, I am not able to accept a chair position at this time.

Education:

Summary of relevant experience (Please note that you are also required to provide a brief resume.):

Are you a Professional Engineer? Yes No

Professional affiliations (ANS membership not required for participation in ANS standards):

Previous or current non-ANS standards involvement:

Please select all of the categories that you have experience or interest in:

- Advanced Reactors
- Chemical Facilities
- Chemical Safety
- Chemical Systems
- Classification of Structures, Systems & Components
- Computational Methods (General)
- Conduct of Maintenance
- Conduct of Operations
- Configuration Management
- Decommissioning (General)
- Decontamination
- Dismantlement
- Emergency Management
- Emergency Response Facility (Nuclear & non-Nuclear)
- Environmental (General)
- Environmental (Qualification, Impact, Protection, Monitoring)
- Explosive Hazards Control Systems
- Facilities (General)
- Fire Protection Systems
- Fuel (General)
- Fuel Storage Facility (New and Spent)
- Hazard Identification & Assessment
- Large Light Water Reactors
- Management (General)
- Management Systems
- Material Control & Accountability
- Materials Identification
- Materials Packaging & Handling
- Mechanical Systems
- Natural Phenomena Hazards
- New Fuel (Design Only)
- New/Used Fuel Requirements
- Nonreactor Nuclear Facilities
- Nuclear & non-Nuclear Explosive Safety
- Nuclear Criticality Safety
- Nuclear Data Analysis
- Nuclear Safety Basis
- Operations (General)
- Performance-Based Criteria
- Plant Support Systems
- Probabilistic Risk Assessment
- Quality Assurance & Quality Control
- Radiation Dispersion
- Radiological Safety
- Reactor Physics
- Reactors - Design and Operations (General)
- Research Reactors
- Risk Modeling
- Risk-Informed, Performance-Based Accident Analysis
- Risk-Informed, Performance-Based Methods (General)
- Safeguards & Security (Physical & Cyber)
- Safety (General)
- Seismic Analysis
- Seismic Hazard Assessment
- Shielding Design Analysis
- Simulator Facility
- Siting
- Structural/Civil Systems
- Systems Engineering (General)
- Testing & Surveillance (Computational Methods)
- Testing & Surveillance (Environmental)
- Training, Qualifications & Examination
- Uncertainty Analysis
- Used Fuel Processing
- Waste (General)
- Waste Materials Consolidation

Please confirm your agreement to the following statements:

I agree to uphold the ANS Code of Ethics of professional conduct in participation on the ANS Standards Committee. The ANS Code of Ethics is available at <http://www.ans.org/about/coe/>.

Further, I acknowledge that copyright and all rights in all materials produced by the ANS Standards Committee are owned by ANS, that ANS will register copyright in its own name, and that the only permitted reproduction of ANS copyrighted material is for ANS Standards Committee business.

In submitting this request, it is with the understanding that ANS does not provide support for travel expenses of Standards Committee chairs and members.
