CLASS I TOPICAL MEETING INITIATION REQUEST RESULTS

This section is used by the NPC Screening Committee to document the results of the review of the Class I Topical Meeting Initiation Request. The NPC Screening Committee may do one of the following:

1. Request Approved. Approval results in placement on the ANS Meeting Calendar and posting on the ANS website under Topical Meetings and Conferences. Contract negotiations can begin and ultimately a contract can be signed by the ANS Director of Meetings and Programs. Detailed meeting planning should begin in earnest. The meeting can be advertised using the ANS name and branding.
2. Request with Conditional Approval. Conditional approval will come with comments, concerns and caveats that will need to be addressed before the conditional status can be removed. Once the comments have been resolved to the satisfaction of the NPC Screening Committee, approval will be granted and all actions associated with approval may move forward.
3. Request Denied. Disapproval will come with comments explaining why the request was denied.

CLASS I TOPICAL MEETING FINAL BUDGET APPROVAL

The final budget for a Class I Topical Meeting must be submitted and approved by the end of June in the year prior to the meeting or at the time of final meeting approval (10-14 months before the meeting), whichever comes first. Examples:

1. If the meeting is scheduled for September 2021, then the 10-14 month window for final meeting approval is August-December 2020; but the final budget must be approved before that, by the end of June 2020.
2. If the meeting is scheduled for January 2022, then the 10-14 month window for final meeting approval is November 2020-March 2021. This is before the June of the year prior to the meeting (June 2021), so the final budget would need to be approved at the time of final meeting approval.

CLASS I TOPICAL MEETING FINAL BUDGET APPROVAL REQUEST RESULTS

This section is used by the NPC Screening Committee to document the results of the review of the Class I Topical Meeting Final Budget Request. The NPC Screening Committee may do one of the following:

1. Approve the Class I Topical Meeting Final Budget. Once approved, the budget is fixed and should not be changed to correct routine variances. Variances after approval will be tracked by the Finance Chair, and discussed with the GC, Organizing Committee, the ANS Director of Meetings and Programs and the NPC Mentor/Liaison. Variance analyses, statements of causes and impacts and corrective action plans may be required as deemed necessary by the ANS Director of Meetings and Programs. If unusual circumstances indicate a need to revise the budget, approval by the NPC Screening Committee will be required before any changes can be made.
2. Conditionally Approve the Class I Topical Meeting Final Budget. Conditional approval will allow only certain activities to proceed as delineated in the conditions stipulated. Actions required to remove the conditional status and allow all future expenditures to take place will be stipulated at that time, along with a schedule to revisit the budget for approval.
