American Nuclear Society applauds Google's and Amazon's investments in nuclear
ANS CEO Craig Piercy welcomes tech industry's plans to build nuclear energy projects
46m ago | Press Releases
Washington, D.C. — Craig Piercy, CEO of the American Nuclear Society (ANS), issued the following statement:
"The American Nuclear Society applauds the announced partnerships between Google and Kairos Power and by Amazon and X-energy. Together, these deals will add at least 820 megawatts of zero carbon electricity to the U.S. energy supply. This is a major step toward securing the commercial deployment of advanced nuclear technologies that will make the world a cleaner and more prosperous place."

Google and Kairos Power partner on 500 MW advanced nuclear project
4h ago | Nuclear News

Kairos Power and Google announced over the weekend a new power purchase agreement to provide the tech giant with 500 megawatts of clean energy by 2035.
Under the agreement, California-based Kairos Power will develop, construct, and operate a series of advanced reactor plants and sell energy, ancillary services, and environmental benefits to Google. Plants will be sited in "relevant service territories" to supply clean electricity to Google data centers. The first reactor is planned to be deployed by 2030 to support Google's 24/7 carbon-free energy and net-zero goals.

Introducing a new nuclear energy event in 2025

We are pleased to announce that ANS is joining forces with the Nuclear Energy Institute to combine our Utility Working Conference and Vendor Technology Expo with their Nuclear Energy Assembly the week of September 8 next year in Atlanta!

This new premier event will bring together both utility C-suite leaders and the individuals keeping our nuclear power plants safe and operational. We look forward to sharing more information about this exciting new opportunity for our members in the days ahead. Stay tuned for updates and the announcement of the event dates and name!

Check out the Winter Conference program

Registration is now open for the **2024 ANS Winter Conference & Technology Expo**, taking place November 17-21 at the Renaissance Orlando at SeaWorld in Orlando, FL.

The theme of this year's meeting is: *Now comes the hard part...*

The excitement over nuclear technology has reached new heights. The hardest part of the journey, however, still lies ahead. Kicking off barely two weeks after an historic election, this year's Winter Conference promises to be a unique opportunity to take stock of the hard technical challenges ahead and see the paths to success.

❖ AD MATERIAL SUBMISSION

Preferred file formats

- Print-ready PDF format
- Adobe Creative Suite 5 or later
- EPS vector format (all fonts and photos must be embedded)
- TIFF Bitmap format (300 dpi at full size)
- JPEG Bitmap format (300 dpi at full size, high-quality compression)

Acceptable file formats (these formats may result in alterations to the ad due to the conversion process):

- Word processing documents (Word, WordPerfect, etc.)
- Presentation documents (PowerPoint, etc.)

For all other file formats, results can be unpredictable. Please check with us before sending any other file formats.

All ad material should be at least 300 dpi at the desired print size.

Do not include crop marks, registration marks, color bars, or other “non-live” material in your ad. Including these can interfere with the proper printing of your materials.

All supporting documents (Fonts, Pictures, Plug-ins, Xtentions) required for use with the files must be included. A laser copy of the ad should be included, with any spot colors clearly labeled. Alternatively, color separations or an Acrobat PDF proof may be sent. PDF proofs must be clearly marked as proofs only and not for production. Files sent electronically (via email or Web) **MUST** be compressed to decrease file size and protect data.

To ensure accurate color reproduction, please check that 4-color ad files are built using only CMYK colors; 4-color ads that include spot colors or RGB images will be converted to CMYK before printing, which could affect the appearance of the ad in the printed magazine.

Products and Services Advertising

All nonemployment ad space originating in the United States is sold through our regional sales representatives. All other locations should contact the main advertising office.

Employment/Recruitment Advertising

All print ads of this type should be placed directly through the main Advertising Department. In addition, the text from these ads will automatically be posted online to the ANS Career Finder job board for two months free of charge.

General Rate Policy

Advertisers will be short-rated if, within the calendar year of the first insertion, they do not use the amount of space upon which their billings have been established. Advertisers will be rebated if, within the calendar year of the first insertion, they have used sufficient additional space to warrant a lower rate than that at which they have been previously billed.

Copy & Contract Requirements

Advertiser and/or agency assume liability for all content (including text, representation, and illustrations) of advertisement and also assume responsibility for any claims arising therefrom made against the publisher. The publisher reserves the right to reject any advertising that is not in keeping with the publication's specifications. Cancellations are NOT honored after the published ad space reservation deadline prior to the month of publication.

U.S. Agency Commission

Provided account is paid within 30 days from the month in which the advertisement appeared, 15% of gross billing on space, color, and position of print advertisements will be discounted to recognized ad agencies in the United States. Online and specialty print opportunities are noncommissionable. Invoices that remain unpaid beyond 60 days will be held responsible for the entire gross amount.
