- _____ Email the Final Report (in Adobe PDF or MSWord) to Contact at right by **June 19, 2026**. Late submissions will be automatically disqualified.

GUIDELINES FOR SUBMISSION

- The contest is open, but design projects should be comprehensive and integrate the major areas covered in the students' course work. A significant part of the project should be nuclear (~40%).
- The design project should encourage creativity and require making assumptions, evaluating alternatives, and justifying the final solution.
- The design project should be solved by a small group of students (2 to 6) who spend no more time than that required for a 3-4 semester hour class.
- Only one final report per university per category may be submitted, i.e., one undergraduate report and one graduate report are the maximum that may be submitted per university.
