

AUGUST 2022

NuclearNews

28th Annual Vendor/Contractor Profile Issue

Our annual Vendor/Contractor Profile issue offers 2-for-1 ad space. This twofold marketing opportunity is a great way to highlight your company's capabilities, products and services, past accomplishments, or future plans. Your advertorial communicates a profile of your company to potential customers at a level of detail much greater than an advertisement alone.

BUY ONE-GET ONE FREE

Purchase a 1/2-page ad and receive a full page of space, purchase a full-page ad and receive a 2-page spread! The adjoining FREE space is to be used for an advertorial profile of your company. Advertorial space is only offered in the August issue.

VALUE ADDED BENEFITS

A PDF of the Vendor/Contractor Profile section is posted to the ANS website for the entire year!

Additional Information

Photos or other art can be used in advertorial.

Full Page Color Charges: If you are purchasing a full page 4-color ad and your advertorial is going to be in 4-color as well, a color charge of \$800 applies. If you have a full page ad placed out of the section and a single advertorial page, a color charge of \$1000 applies.

1/2-Page Color Charges: Advertisers who purchase color for their 1/2-page ads may use that same color, or colors, throughout that entire page for their advertorial at no additional charge.

ADVERTORIAL SPECIFICATIONS

FREE ADVERTORIAL SPACE may only be used to highlight your company's capabilities, products and services, past accomplishments, or future plans. Providing this advertorial material communicates a profile of your company to

potential customers at a level of detail much greater than an advertisement alone (another ad cannot be used as advertorial, however, photos, logos and graphics are allowed). Advertorial material must be provided by the advertiser.

Page Design

See layout examples within this brochure. Advertorial page width is 7.08". The advertorial portion of the page does not have bleeds.

DPI (Dots per Inch)

Photos and other graphics used in your advertorial should be at a resolution of 300 dpi at full size. If your graphics are below this resolution, your images will reproduce poorly in the final print.

Logos

If used in the advertorial, a logo must not exceed the width of one column. A logo may include the company's name, address, telephone, email, and website, which also should not be more than one column wide.

Location

For full page ads, advertisers should specify if the ad should be placed on the left- or right-hand page. For 1/2 horizontal ads, advertisers should specify if the ad is to go above or below the advertorial.

1/2 Island Ads

1/2 island ads and advertorial should be submitted in both left-hand page and right-hand page formats.

Headlines

The headline size must not exceed 24 points and subheads must not exceed 18 points.

Type Style, Font, and Size of Body Copy

The body copy must be **SANS SERIF** (no exceptions); however, the specific font and size chosen is optional. An acceptable example would be Helvetica type in 8-point size with 2 points of vertical spacing, (9 on 11, or 10 on 12).

This font is Arial
(a sans serif typeface - 10 pt)

This font is Times New Roman
(a serif typeface - 10 pt)

Sans serif type is without serifs. Serifs are the short lines stemming from and at an angle to the upper and lower ends of the strokes of a letter such as at the bottom of an "l" or an "r." We reserve the right to convert advertorial to nonserif if necessary-if it comes to us as serif.

Color

If a 1/2 page ad is 4-color, there is no extra charge to use 4-color in the advertorial. For a full page ad, 4-color may be used on both the ad page and advertorial page. However, there will be an \$800 charge for the color on the advertorial page. Please ensure that 4-color ads are built in CMYK.

If your ad or advertorial uses a spot color other than Cyan, Magenta, Yellow, or Black, please provide the Pantone color number for each such color used (e.g., "PMS 287 C"). Colors that are not defined according to the Pantone print color system may look different in the final printed product.

Crop Marks

Do not include crop marks, registration marks, color bars, or other "non-live" material in your ad and advertorial submission. Including these can interfere with the proper printing of your materials.

Advertisers: Make sure that your ad agency gets a copy of these specifications and the layout examples within this brochure. This information is also available at: ans.org/advertising/nn

Production Material is due by July 6

Production material must be provided electronically by one of the following methods:

- (1) Emailed to advertising@ans.org
- (2) Uploaded via our web page:
ans.org/advertising/upload

We prefer the following electronic file formats:

- **PDF** print-ready format
- **Adobe Creative Suite 5** or later
- **EPS** vector format (*all fonts and photos must be embedded*)
- **TIFF** bitmap format (*300 dpi at full size*)
- **JPEG** bitmap format (*300 dpi at full size, high quality compression*)

All ad material should be at least 300 dpi at the desired print size. Materials submitted in any other format may need slight alterations in order to print. If you have any questions about these requirements, please contact us.

If acceptable production material for the advertorial is not provided by the July 6 materials deadline, the publisher will place the ad, without advertorial, outside the Vendor/Contractor Profile special section.

The publisher reserves the right to reject any advertorial that is not in keeping with the publication's specifications. The word "Advertisement" will be stripped in by us over the advertorial. Another ad cannot be used in lieu of advertorial material.
