

2024 Utility Working Conference and Vendor Technology Expo

Nuclear Momentum: Advancing Our Clean Energy Future

JW Marriott Marco Island | Marco Island, Florida | August 4-7, 2024

Application for UWC Knowledge Managers

The ANS Operations and Power Division (OPD) is offering an opportunity for complimentary registration and housing to the American Nuclear Society Utility Working Conference (UWC) and Technology Expo. Upon successful completion of responsibilities, Knowledge Managers will receive complimentary registration and (3) nights housing at the host hotel.

****TO BE ACCEPTED YOU MUST BE AVAILABLE TO WORK FROM 3:00 PM ON SUNDAY, AUGUST 4th until 12:00 PM ON WEDNESDAY, AUGUST 7th****

Knowledge Managers document the ideas, recommendations, and best practices from the session. The session write-up they produce will then be provided to attendees and functional area managers following the conference. Knowledge Managers are needed for each session.

About the UWC

The UWC is an annual meeting of the minds that consistently generates well-supported, practical recommendations designed to address the industry's most pressing needs. There will be six concurrent sessions running over three days offering the latest information and opportunities to workshop and collaborate. The conference provides an excellent opportunity for benchmarking and sharing best practices. The event also includes a vendor technology expo with several companies exhibiting. Further details of the conference can be found at <https://www.ans.org/meetings/uwc2024/>

The Goal of the UWC

An important part of the UWC is knowledge sharing. The goal of the conference is to develop actionable recommendations that professionals at nuclear power plants can put into practice. To do this, the UWC needs Knowledge Managers to take session notes and to assist in development of recommendations. These recommendations come from presentations and discussions at breakout sessions. The Technical Program Chair distributes the recommendations to the functional area managers across the U.S. Fleet at the conclusion of the conference.

The Details

The ANS Operations and Power Division will pay the registration fee for up to 6 Knowledge Managers. Knowledge Managers will also receive complimentary lodging for 3 nights. **To apply, complete the application on the next page before Friday, May 10, 2024. If accepted, you will be notified on or before May 24, 2024.**

Brief statement about why you want to be a Knowledge Manager:

Brief summary of current role and career interests:

A maximum of 6 individuals will be selected to receive free registration and three room nights lodging. ANS reserves the right to limit participation from a single unit or company as necessary. The offer of ANS membership is contingent upon the individual meeting the membership requirements shown at [http:// www.ans.org/memberinfo/dues/](http://www.ans.org/memberinfo/dues/). Attendance costs other than meeting registration and lodging are the responsibility of the individual attendee.

Return this application before Friday, May 10, 2024: Chris Hoose at christopher.oose@westinghouse.com.

If accepted as a Knowledge Manager, you will be notified on or before May 24th.
