

## Technical Reviewers

*Fusion Science and Technology*, 2018

The reviewers' identities are traditionally kept anonymous in peer review, yet their dedication to the arduous task of reviewing articles for *Fusion Science and Technology* is indispensable to the validation and dissemination of valuable scientific information. By listing the reviewers, I am expressing both my personal gratitude and the appreciation of the authors for the reviewers' invaluable contributions and dedication. —Leigh Winfrey, *Editor*

Agostinetti, P., *Consorzio RFX–Italy*

Angelone, M., *ENEA–Italy*

Astrelin, V., *Budker Institute of Nuclear Physics–Russian Federation*
