

September 2020 | Volume 63, Number 10

A decontamination exercise during a Radiological Emergency Response Operations class. For more on Health Physics, see the interview on page 30

# Focus on Health Physics & Radiation Protection

- 22 The NRC's Operations Center: Exercising authority to respond
- 30 HPS's Eric Goldin: On health physics
- 38 Harnessing the promise of radiation: The art of reasonableness
- 48 Consortium participates in National Academies webinar on low-dose radiation
